Re: Selmer Company, Elkhart, Indiana

Dear Mr. Fields:

As discussed in our telephone conversation of November 2, 1988, please find enclosed a map setting forth an area in the vicinity of Selmer Company which U.S. EPA believes should be investigated pursuant to items 3 and 4 of my August 14, 1988 letter to you. The area is encompassed by the yellow dotted line on the map. The map also sets forth the area in which U.S. EPA took action to provide public water. It is encompassed by the pink dotted line.

This letter also confirms that Selmer Company will assume responsibility for insuring that 5 residences located on Outer Drive, which have recently been found to have TCE in their wells, will be provided with water, pursuant to Elkhart County Board of Health instructions.

I hope to provide you with a proposed consent order within the next few days.

Sincerely,

Charles McKinley
Assistant Regional Counsel

Enclosure
